

Three Seconds

Dwarves

Three seconds is all I'm after
Three seconds is all I crave
Three seconds of pure disaster
Two lips to blow me away

Three seconds of burning hellfire
Three seconds to fall in love
Three seconds and don't go slowly
Three seconds is almost up

Three seconds of bump and grinding
Three seconds of wasted youth
Three seconds and no denying this thing that's coming to you

Three seconds of pain and pleasure
Three seconds of morning light
Three seconds--a chance at forever
...or maybe for a Saturday night
Three seconds...
