

Wish That I Was Dead

Dwarves

Life is uncertain, but death is sure
Well I wish that I was dead, yeah I wish that I was dead.
They told me life is but a dream, but all I dream are tragic scenes, to be alive,
I just don't care, eternal questions everywhere.
Sometimes in life we stumble, oh Lord and we fall.
I want to end it all, to end it all.
You'll find me hanging from a tree, or underneath the deep blue sea.
It doesn't matter where I lie, the graveyard or the highway side
