

Body Rock

Dwele

Get your team
Get your flock
Get your Body rock
Tell your girls not to stray
Cause my crew is on the way
And they all wanna body rock
Pimpim for days They wanna
Play with you ladys

Girl me and you grab up your crew
I and my dudes
Make the night do what it do
Smoke out
Do that shit before you hop in my ride
Keep it fragrant that baby fresh cause that's how I like to ride
