Baby please,  
Stop hollerin' and let this pimp ads play  
I didn't want nothing, I just wanted to know her name  
I didn't know she was to be my lover  
Flapjacks attract every man and I am but just a man  
Please, baby  
I feel we can lust for a weekend love  
But don't doubt from now on its with you that I will lay it down  
I know it's silly but I, I think I love you  
If you just keep on moving it, baby just keep keep on...
