What is a flapjack?

Buh duh da dah duh dah duh, buh duh da dah duh dah duh, buh da dah duh duh duh, dah dah da da  
I'm digging them flapjacks (2x)

If I got a girlfriend, you got a boy friend, we've got a love thing e  
verything is right  
Funny how some things work out soon as you acknowledge it  
What we got is smooth all we gotta do is polish it  
I gotta love you, you gotta love me  
We gotta be fuckin be what we wanted to  
Believe that I got plans to hold you down  
I can see a future in, this being A-shot team

I gotta want you, you gotta want me, we gotta want the best of love  
I already want you, you already want me, we gotta love thing, we gott  
a love thing  
I gotta need you, you gotta need me, we gotta want the best of love  
I already need you, you already need me, we gotta love thing, we gott  
a love thing

Is this a rap song, or is it vocals, am I hip hop or neo-soul  
Baby it don't matter just as long as you loving it  
It's gon be the same thing that it was when you discovered it  
Music in a lot of ways mimics relationships,  
It gets tainted when you bring rules into it  
Believe I'm trying to free your mind,  
Respect my light, I'll respect yours, and...

HO!, I- I've gotta love thing  
We -e need to elate  
I said we need to elate (skat)  
Love thing!  
Hey!  
Said we need to elate  
Ho oh oh oh oh for real, elate

I watched your friend get out of that car  
I promised that I'd get that  
And All I could think when I saw you at the bar  
Was caking up with them flapjacks  
But now that I know your past, beauty, and face  
You've changed where my thought process is at  
But I would be wrong if I didn't state...  
Damn you got some good flapjacks!

Buh duh da dah duh dah duh, buh duh da dah duh dah duh, buh da dah duh duh duh, dah dah da da  
I'm digging them flapjacks (3x)
