

## Greater Than One Less Than Three

Dwele

Yea...1, 2, 3

Desire blinded me at first  
Allowing me to see, nothing past me  
But you restored my innocence (restored my innocence) Ain't nothing I forsake... (yea yea)  
I needed you to breathe.

It's better to be with you, than being me,  
Greater than one, less than three.  
It's better to be with you (yea yea..) than being me.  
(oh) Greater than one, (oh) less than three.

Desire blinded me at first  
Allowing me to see, nothing past me  
But you (You) restored my innocence  
Ain't nothing I forsake... (oh baby) I needed you to breathe.
