

Wake The Baby

Dwele

In the cold of the night's glow
Down the hall in the room alone
The baby
(hoooooh) sleeps so peacefully
(hoooooh) of pieces of dreams
(hoooooh) only to be awakedned by
(hoooooh) momma's sound
(hoooooh) daddy's sound
(hoooooh) when he around
Oh wont you come with me to wake the baby
the baby
the baby
the baby

In the still of night
The baby
(hoooooh) sleeps so
(hoooooh) silent, only to be awakened by
(hoooooh) smackin'
(hoooooh) taggin'
(hoooooh) squeakin', Oh wont you come with me to wake the baby
Oooh woo woo woo
