

## Watch Me

Dwele

I'm 22 big dreamin it ain't over  
I'ma own a Rover, watch me  
Few years later made it happen not from rapping  
Smacking albums, big dream it's still in me  
One day I'ma own a Bentley, Watch me  
Drink the finest Henny,  
Make all of 'em Girl-girls, say hey-hey  
Rub my body up like I rock the axe spray, (psst) Watch me  
Hey, hold up, hold up, I think I'm big Preach  
Let me bury y'all and I love to ball  
Got the chicks and they all... Watch me  
Some guys win'em all  
Smoke good, ride minks, from big and tall  
50 feet up in the air, walking with the birds  
If you wanna watch me, buy binoculars  
I smurf out on you, my dime is so blue  
If you only had a smurfing clue  
You and your crew would probably, Watch me

Till this song is through  
Now I'm halfway to Cali hood to Brooklyn zoo  
Coast to coast here from snoop-dizzle to some Malaw-shit, Watch  
Now that's some real shit, You can feel shit  
I'm running out of shit to say so just, Watch me-he  
Get on some Opp it's surely  
Loosing my mind like some foreign-carbon-no navigation  
Bolts-and-screws-leaving-my-head-loose while-they-  
all, Watch me (Ha)

It's no occasion, A-  
day is amazing Gucci flip flops I ain't even on  
Vacation,  
My neighbours all, Watch me  
They be pacing, outside my window just cold, shaking  
While I'm inside, breakfast, bacon... Rockstar, Watch me  
Lifestyle, might don't make it, receptor cold waste it,  
No Milly-Vanilla here, we all get \*chocolate wasted\*, Watch me  
Take a song about nothing, Turn it into something  
Rap about nothing, get it to the end and make you watch it again...  
Watch. (watch)
