

What You Gotta Do

Dwele

Hey sip on some wine coolers
Like you're 19 again
When love was so naive
Before past relationships built a wall of bricks and
Made you wear your baggage on your sleeve
When she was rocking dookie braids
And time wasn't of the essence
Let the whole day pass away
Rest in peace Saturday

(I know you), feel me (I know you) hear me
To keep your baby happy that's what you need to do

That's what you wanna do, what you need
It's what you gotta do to keep that woman
Hard to keep that woman open
It's what you want, (it's what you want)
It's what you need man yeah
It's what you gotta do to keep that woman
Hard to keep that woman open

High school crush on a phone call, no no
No two way interrupting y'all
The pureness and innocence when love was so rich and fair
Before broken hearts and tampered feelings
When it was a thing to do
On a park bench courtin you
She was waiting with a ponytail
And bamboo in her earrings
Standing at the bus stop sucking on a lollipop
An around the way type of girl

(I know you), feel me (I know you) hear me
To keep your baby happy that's what you need to do

That's what you wanna do, what you need
It's what you gotta do to keep that woman
Hard to keep that woman open
It's what you want, (it's what you want)
It's what you need man yeah
It's what you gotta do to keep that woman
Hard to keep that woman open

Keep your baby try this oh yeah
What you gotta do to keep that girl
Keep that woman, gotta do to keep that woman
What you want, what you want, what you want
Gotta to to keep that woman,
Gotta do to keep that woman open,
What you want, what you need, open
You gotta do, you wanna do
What you want, what you need, open
You gotta do, you wanna do
