

You Won't Be Lonely

Dwele

You wont be lonely tonight

If i have anything to do about it, say about it, its for our love

You wont be lonely tonight

If i have anything to do about it, say about it, its for our love

You wont be lonely tonight

If i have anything to do about it, say about it, its for our love

You wont be lonely tonight

If i have anything to do about it, say about it, its for our love
