

# A Long Way Home

Dwight Yoakam

Don't look inside, no, don't look there  
'Cause you might find yourself somewhere  
Walkin' round lost and alone  
Without one clue that it's a long way home

Years and years is a lot of time  
To drag your heart across every rock you find  
Hate is deep and its pull is strong  
But the passion's short, then it's a long way home

I can't take one single step for you  
But I might just help to find some small pathway through

Don't look back 'cause you might see  
Just how far all that used to be  
Just let your mind think on what's gone  
And then you'll know that it's a long way home

Yeah, you'll know that it's a long way home  
You'll find out that it's a long way home  
There ain't no doubt that it's a long way home
