

I Don't Need It Done

Dwight Yoakam

Honey you sure do it well
But I don't need it done
I know if I did it with you
It'd be a whole lot of fun
I'll send my regrets
Oh but I won't hedge my bets
I found a real true love
Now I don't need it done

Baby you sure look fine
But I don't need it done
So I won't waste your time
Better let you run
I'll just move along
Oh I don't mind waking up all alone
'Cause I found real true love
Now I don't need it done

I don't need it done
Lord, I don't need it done
Yeah, I found a real true love
Now I don't need it done

I don't need it done
I don't need it done
Yeah, I found a real true love
Now I don't need it done

Well it's been a long day all right
But I don't need it done
You say I could stay all night
Until the morning comes
It's not easy but
I've got to give up all you got
Yeah I found a real true love
Now I don't need it done

Don't need it done
I don't need it done
Yeah, I found a real true love
Now I don't need it done

I don't need it done
I don't need it done
Yeah, I found a real true love
Now I don't need it done

Don't need it done
I don't need it done
Yeah, I found a real true love
I don't need it done

I don't need it done
I don't need it done
Yeah, I found a real true love
Now I don't need it done

Don't need it done
I don't need it done
Yeah, I found a real true love
Now I don't need it done

Don't need it done...
