

## Think of Me

Dwight Yoakam

Think of me when you're lonely  
Think of me when you're blue  
Think of me when you're far away  
And I'll be thinking of you

Remember all of the good times  
We had in days gone by  
Remember all of the sadness  
The day you said goodbye  
You told me you would be leavin'  
But you wouldn't be gone too long  
Now I hope and pray with each new day  
That you'll come a-travelin' home

Think of me when you're lonely  
Think of me when you're blue  
Think of me when you're far away  
And I'll be thinking of you

I watch the mailman comin'  
I wait by the telephone  
I meet the trains down at the station  
And I spend my nights alone  
But now the waitin' is over  
And Time has set the scene  
'Cos God meant me for only you  
And he meant you for me

Think of me when you're lonely  
Think of me when you're blue  
Think of me when you're far away  
And I'll be thinking of you
