

What's Left of Me

Dwight Yoakam

What's left of me is not worth much
Just memories, heartaches and such
The most of which I wouldn't trust
'Cause what's left of me is not enough.
What's left of me is not worth much
To quote a price that's fair might prove kinda tough
It's such an awful shame to have to look this rough
But what's left of me is not worth much.
I would gladly sell you my tomorrow
If maybe you could loan me one or two
'Cause I'm a little short on hope and promise
See, I've been waiting on a payment that's overdue.

Yes, I would gladly sell you my tomorrow
If maybe you could loan me one or two
'Cause I'm a little short on hope and promise
See, I've been waiting on a payment that's overdue.
What's left of me is not worth much
Just memories, heartaches and such
The most of which I wouldn't trust
'Cause what's left of me is not enough.
Yeah, what's left of me is not enough...
