

You're the One

Dwight Yoakam

You're the one
You're the one
That made me cry
Oh you're the one
That laughed at me
Then said goodbye
You're the one
You're the one
That made me blue
So how's it feel
Now that you're the one
Its happened to

Now you're back calling me with open arms
What happened to the one you met with all that charm
You say he's gone
And you're alone
Well that's a shame
But if you think real hard
I know you'll see
Just who's to blame

Now you're the one
You're the one
That made me cry
Oh you're the one
That laughed at me
Then said goodbye
You're the one
You're the one
That made me blue
So how's it feel
Now that you're the one
Its happened to

You're begging me to think about the love we shared
Yet it seems to me not too long ago, you didn't care
The love you left
No longer lives
Within my heart
See the game you played
So recklessly
Tore it all apart

And you're the one
You're the one
That made me cry
Oh you're the one
That laughed at me
Then said goodbye
You're the one
You're the one
That made me blue
So how's it feel
Now that you're the one
Its happened to

Oh tell me how's it feel, now that you're the one
How's it feel to be the one
How's it feel now that you're the one its happened to

You're the one
Oh, you're the one
You're the one
Oh you're the one
Your the one
Oh you're the one
yeah you're the one
Oh you're the one
Oh you're the one
