

A Silent Witness

Dying Passion

I am a silent witness of my own act,
Thus certify me as insane.
Insanity urges me to act again.
There is such a little left before going crazy.
With no obvious sign,
Slowly but surely
I hereby die aside.

Let's welcome the age of Prompt Revolution!
Death for anger, and four dim prison walls.
Radical Revolution!
And bring back the piece to
The desecrated graves,
Forthcoming Revolution!

As if I am watching out of the grimy window.
I'm foul prisoner in my own body,
Today a riot's raving inside.
I am still eager for another sensation.
I am a silent witness of my own transition.

Let's welcome the age of Prompt Revolution!
Death for anger, and four dim prison walls.
Radical Revolution!
And bring back the piece to
The desecrated graves,
Forthcoming Revolution!
-REVOLUTION!!!

Let's welcome the age of Prompt Revolution!
Death for anger, and four dim prison walls.
Radical Revolution!
And bring back the piece to
The desecrated graves,
Forthcoming Revolution!

I am a silent witness of my own act,
I am a silent witness of my own transition.
