

Give

Dying Passion

Give me something I can believe in,
Symbols of this age.
Give me your confidence.
As time goes by, I'm losing my religion,
Give me something that will lighten
the days of my life.

Give me all I need - give it to me.
Give me all I need - give it to me.
Because I can't smile, I can't weep,
I can't taste, I cannot sleep,
Give it all.
Give it all.

Give me something I can rely on,
Faith and courage,
My unhealed scar still hurts.
As time goes by, I'm losing my recollection,
Give me something that will brighten
the days of my life.

Give me all I need - give it to me.
Give me all I need - give it to me.
Because I can't smile, I can't weep,
I can't taste, I cannot sleep,
Give it all.
Give it all.

Salvation!
We found that comprehension.
I made this new invention.
Use your imagination.
I will keep what will find, you better hold on to.

Give me something I can feel equal,
Uplift me, let me feel like I'm standing on the top.
As time goes by, I'm losing my direction,
Give me something that will lead me through
the days of my life.

Give me all I need - give it to me.
Give me all I need - give it to me.
Because I can't smile, I can't weep,
I can't taste, I cannot sleep,
Give it all.
Give it all.

Give me all I need - give it to me.
Give me all I need - give it to me.
Because I can't smile, I can't weep,
I can't taste, I cannot sleep,
Give it all.
Give it all.
Give it all.
Give it all.
