

## Him Faraway

## Dying Passion

Another finished chapter  
On one side the cry with laughter  
Pale candless, without a sin  
Pushed off the mole I keep on floating  
But there're no rings on water  
Nothing's on  
Nothing's on

I feel no more then grief in my soul  
I feel no more then grief in my soul  
That time may heal  
That time may heal

As week starts with monday  
So next chapters shall appear!  
May not be infected with so much bore dom  
So next chapters shall appear!

I feel no more then grief in my soul  
I feel no more then grief in my soul  
That time may heal

I feel no more then grief in my soul  
I feel no more then grief in my soul  
That time may heal  
That time may heal
