

## I Have No Doubt

Dying Passion

I can't get a rid of feeling  
That I am going somewhere.  
Now I know,  
I've been walking a long time.

I can't help my feeling  
But I sleep even in the daytime.  
Now I know,  
I've been dreaming a long time.

I get a strange feeling  
When I talk with people around  
That I say something,  
Something I should understand.

- IF -

But it's all right, it will pass in time.  
Now I have no doubt.
