

Wants Me Back...

Dying Wish

I feel the light is calling me
Slowly I leave my body
The power Thrills me
A kind of dark tunnel
At the end of the way, the light's waiting for me
I would stay with it
But my time hasn't come yet

Everything has changed
Life has a new meaning
I don't have to fear anymore
At the end of the way, the light's waiting for me
I would stay with it
But my time hasn't come yet

I will wait for it's
Calling again forever
Wants me back
It holds me in it's tight hand
I feel wanna' go again
