

since you've been gone
i haven't done anything at all
i feel so alone
i drove onto another dead end road
everything is boring, i feel worthless
hidden by our everyday passion
since you've been gone
the world has changed, one's happiness brings pain
it's all said and done
i feel the same even when i'm far away
are you being strong?
have you done anything at all?
do you feel alone?
i wanna drive away on a better road
everyday is slow and i feel useless
i feel i'll never find that same affection
