

I am back again  
To the safety of my couch  
With my best friends  
The ones who never let me out  
I met a girl  
Her name was bovine  
Took her home with me last night and..  
I am so happy here  
And I never have to try  
(to be to feed)  
Sit back and drink some beers  
And go date-rape with the guys...  
In Alvin... in Alvin....  
woke up at ten  
Light my cigarette  
Got drunk again  
Just to drown out my regrets..yep  
lying naked  
Just wearing this stupid grin  
I am vacant  
But in this town I fit right in..so  
I am so happy here  
And I never have to try  
(to be to feed)  
Sit back and drink some beers  
And go date-rape with the guys...  
In Alvin...  
eating pork and drinking wine  
Everything's just fine  
Eating pork and drinking wine  
Everything's just fine
