

Black Rat

DZ Deathrays

Running through the streets to the black hole pubs
I'm a Black Rat with a crawlspace love
My body still hangs over every bar
Trapped inside my last round home

Why leave it too long?
It could never go wrong

Time is best spent
Being, wasted on
Laughter calling
Homesick, for a haunted home

I've been, I've been here way too long

Fallen through the cracks of the city I love
Looking for someone, a century ago
Hoped that it would be till death do us part
Ended up being dead from the start

Why leave it too long?
It could never go wrong

Time is best spent
Being, wasted on
Laughter calling
Homesick, for a haunted home

I've been, I've been here way too long {2x}

Why leave it too long?
It could never go wrong

Time is best spent
Being, wasted on
Laughter calling
Homesick, for a haunted home

I've been, I've been way too long
I'm a Black Rat with a crawlspace love, Yeah
