

Dino-might, dino-might
Coliseum in the wild,
Oh, the writings on the back.
Coliseum in the wild,
Oh, the writings on the back of my hand.

I wanna see how you do,
You wanna see what I've done.
Broken all my windows, we did it just for fun.
Being out the air starts to hypnotize
Dream of near future, your face to caught my eyes.

Don't stop, stop the rebel,
You can't stop, ambiguity on time,
Lost the scenery, everybody's dead.
Don't stop, stop the rebel,
You can't stop, ambiguity on time,
Lost the scenery, everybody's dead.

Coliseum in the wild,
Oh, the writings on the back.
Coliseum in the wild,
Oh, the writings on the back of my hand.

You wanna see what I do,
I've only seen what you've done,
Broken all my windows, we did it just for fun.
Being up in the sky, hard to come on the ground
Try not to let our future start to drag us down.

Don't stop, stop the rebel,
You can't stop, ambiguity on time,
Lost the scenery, everybody's dead.
Don't stop, stop the rebel,
You can't stop, ambiguity on time,
Lost the scenery, everybody's dead.

Coliseum in the wild,
Oh, the writings on the back.
Coliseum in the wild,
Oh, the writings on the back of my hand.

Coliseum in the wild,
Oh, the writings on the back.
Coliseum in the wild,
Oh, the writings on the back of my hand.
Hands, hands,
The writings on the back of my hands, hands.
