

I ain't new to this shit, baby  
No, no, I'm too grown  
Tryin' to run game on me  
I been in this too long

I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up

Bitch, how the fuck you think you supposed to run game on me?  
I could have been a pimp at the age of three  
And when it comes to funk, I know a few hitters in that arena  
And I ain't talkin' John Cena, I'm with hyenas

Born hustler, not a sucker, but a king  
Don't nothin' come to a sleeper but a motherfuckin' dream  
All my years I had peers that I looked up to  
That been on and off the streets, back and forth to the stew

Sometimes I drink too much, I got three bladders  
I'm paranoid, I pack three hammers  
I smoke a lot, I got three lungs  
I'm looney as fuck like Yuck and Num

How you expect me to help you if you won't help me help you?  
I ain't in the way, you in the way of you  
I keep my ear to the turf like a soccer shoe  
I know these streets like the Gracies know Jiu-Jitsu

I ain't new to this shit, baby  
No, no, I'm too grown  
Tryin' to run game on me  
I been in this too long

I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up

Hate come with the plate  
When you eatin' everybody want a taste  
Turnin' my money over and flippin' it like a acrobat  
I got more TracFones than Saul from Breaking Bad

Where I'm from, they'll shank you in a bathroom stall  
Where I'm from, they'll deflate yo' head like a Tom Brady ball  
Hella long ago before my Mangoscato  
I used to spin the gumbo pot like  
Havin' money ain't new to me, I'm a staple  
Seasoned like a mu'fucka: basil  
I respect my OGs, look up to them like a father  
They stay movin' mean, up in the pen they shot callers

I went from not even being mentioned to the center of attention

Right now I scoot a European, but I used to scoot a lemon  
It's me man: benefactor  
What's that on ya wrist? Yacht-Master

I ain't new to this shit, baby  
No, no, I'm too grown  
Tryin' to run game on me  
I been in this too long

I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up

Something similar to a curtain call, my beats be clappin'  
Bankroll swoll' like an allergic reaction  
Suckerism's contagious like a yawn  
If you play with the bull, ya gonna get the horns

Some people got time for everybody else  
Except for the people that's gon' be there when it's nobody else  
I could show you the newest way to play the oldest game in the world  
I ain't gotta have money to pull yo' girl

When the next man is winning, don't be concerned  
You can hate or you can learn  
I'm the get-money whisperer, teach  
Hustlers how to get money; preach

I'm from the Wild, Wild, Wild, Wild West  
Where they aim for the dome and the chest  
Be cool if you a tourist or a guest  
Tuck yo' chain in yo' shirt, it's a mess

I ain't new to this shit, baby  
No, no, I'm too grown  
Tryin' to run game on me  
I been in this too long

I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up  
I'm, I'm, I'm, I'm, I'm  
I'm gamed up
