

I'm a give her more if she say so  
We care their opinion, just say so  
I'm a do what I want 'cause I say so  
Me and my homies, we some players  
(I bet they love it) 'Cause we say so  
Bet they love it 'cause we say so  
Bet they love it, bet they love it  
Bet they love it 'cause we say so  
Bet they love it 'cause we say so

I do what I want 'cause I say so  
I'm about my paper, 'bout my pesos  
I don't wanna talk if it ain't decimals  
Independent, fuck the major labels  
My diamonds got more colors than a rainbow  
Put some paint where it ain't like Maaco  
Got a bad bitch in Pacheco  
She say I got the sauce like Prego  
I ain't ever sober, I stay tipsy  
I ain't with sucka shit, you can miss me  
It's ugly where I'm from in my city  
Like a Harriet Tubman 20, I'm crispy

I'm a give her more if she say so  
We care their opinion, just say so  
I'm a do what I want 'cause I say so

I'm a corner boy from the corner  
Hyenas, piranhas and block monsters  
Keep my mouthpiece loaded just like a weapon  
Give a hoe a 30-second checkin'  
Send his ass to hell, not heaven  
Vallejo, California where I'm reppin'  
Real nigga, never been a wussie  
I got a down bitch like Cookie  
Rap now, we used to push dope  
Chain hang like an anchor on a boat  
Gorilla glue smoke 'til I choke  
We gon' do it big if we broke  
(BIATCH!)

I'm a give her more if she say so  
We care their opinion, just say so  
I'm a do what I want 'cause I say so

I want it and I want it 'cause I say so  
Bankroll's thick, ask my Jews, yeah, they say so  
Goons act a fool if I say so  
Catch the blues 'cause I'm bruising your boo  
And I know she love it  
Dis call and disconnect  
If you ain't hollerin' about no check  
I could show you how to do the money flex  
Bands online, I'm a check, yeah

I'm a give her more if she say so  
We care their opinion, just say so  
I'm a do what I want 'cause I say so  
Me and my homies, we some players
