Hustlers up, busters down  
Real niggas make the world go round  
Macahi in the shop in the town  
Gettin' sprayed root beer brown  
My bezzle chain ain't for play  
Cost a tenth of a million, 100k  
Cartier white buffalo sticks, winnin'  
Lookin' like a D-Boy from Michigan  
We eatin' over here, no scraps  
Shout out to my niggas in the flaps  
It's gudda in the ghetto, in the traps  
Bentley's, Audis, Ferraris, Rolls Royces and Cadillacs

I back a 22 like Shaq shoot  
At the box, everything new  
Drink Piruet Jiet, new

I could turn a spark to a flame in a minute  
Listen to a boss, big game for a minute  
Back back back back  
I could tell the truth from a lie in a minute  
I could spot a mark in the sky in a minute  
I done kept my pistol in my side for a minute
