Finna crack a nut just like a volcano we both erupt
At the same time, you know I'm only lying

What kind of perfume you got? (No bigger a lime packer
What kind of cologne you got on?) Blotting number 9
Fresh out of the bathroom line and tic-
tac and cologne mane was right on time
Ma you too much for yourself girl you the shit
With them House of Dereon's on I can see your dear footprint
And them sexy lil jeans you twerkin

Your man might not care but I'm a put it in the air
Was fair, fuck a rubber I run up in ya bear

Looking at my Pochay it's about that time
For me to leave the party and go home with a dime
Dime meaning super bad sexy and fine
Last call for alcohol tequila and lime
She real and ready and hot
I'm try'na get hammered all the way to my spot
Put her on her key spread her legs like a hawk
I'm laying at the bottom while she get on the top
Let her do her thing till she nailed on my cock
Get her rock soft like she hugging the block
Wrap her lips around and soak it up like a mop
You know what I mean
Dolce and Gabbana, stilettos and jeans

[Chorus: Bobby V]
