I turn it up on a bitch

I got no time for no silly games  
I'm out here in this trap trying have my change  
I fuck with real bosses, I don't fuck with lames  
Califor-n-i-a is the state I claim  
Bitches on my ankle like a ankle bracelet  
Cuz I'm relevant and I ain't outdated  
Suckers looking at me like they wana fade  
They fuck around they gona get emlimate  
Bossy, flossy, fatty stretchy like pilates  
Got a black belt hustlin, not karate  
The best thing sense the slot machine  
She a dime spitter, a couple of lines and that bitch is mines  
Now I don't know what you been thinking  
But I've been the shit in my region  
Ever sense I can remember  
Ever sense I been breathing  
Hollin at a vixen, plotin on some kitten  
When I start spittin, she starts strippin

I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch

I passionate about my paper man  
I ain't got time for games  
The child shit ain't in my program man

You gata dig me for me, that's the way it's gona go  
I be galaxy man, I be spacin  
When I'm spacin I mean my space be in flight and a ho as nigga tryin test my  
patience  
Colt 45 case, and I ain't talkin about the beer  
I talkin street instrumentals, music to my ears  
I ain't no petty nigga with a face tat and a six pack  
But I bet I could beat your bitches couchie back  
Skinny niggas winning right now  
When the big nigga come back in style

I turn it up on a bitch  
I turn it up on a bitch

You call it swag  
I call it stylin  
You nutin to me  
I nutin to nothing  
I could be broker then you  
But I got more respect and more power  
Right now I sell CD's  
But I used to slang powder  
I ain't gata have no paper to get me skin  
I just give had her my phone and she punch her number in  
Mack game  
Big boss talk  
I don't make it rain  
And I don't pay for yoak  
You see the big face Rolex watch  
The VS1 clarity watch  
The jacket made out of fox  
You know how much that cost  
The three dimensional diamond  
More carrots then bugs bunny  
Taylor made and hand crafted like  
Customize like King Johnny  
Some times I like to spoil myself  
All that hatin ain't nutritious  
Its bad for your health  
What about murder mouthin  
Talk down on a boss  
Through that nigga a towel  
He been dipped in sucker sauce

I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch  
I turn it up on a bitch
