In d streets like a oil stain (soil)  
Yellow brick road that's what I call ma chain  
Still in d hood like a motor  
Had to walk before I crawled, fuck a stroller  
Built for battle like a solja, staple a sucka like a poster (du-du!)  
I started off a dollar layer, dodo stains in ma underwear  
Now I'm balling like a rapper (40!)  
Pulling up with d slapper (Steve Meade)  
Breaking up the block (blappin)  
Speakers bout to pop (clappin)  
Giuseppes on ma feet, trues on ma keys  
Table diamonds on ma chains, Easter  
Chanel, Celine, Prada, Karl Lagerfeld, Versace, Ascata

Keep it all the way a milli  
Really I just want a billi  
Chains same color as Aborigini  
Hair shining like an African heir  
It's in ma roots, my geneology  
Smoke in da air, getting high as the patchies  
Our cherokee, I'm with a centerfold  
She need vitamin D I give her vegetables  
Bring d pedal to da flow, still hustling  
Livings hella slow, still buffering  
Telling Quinn CBD strings, losing in da OG game  
Now I got chain on top a chain, you lame on top a lame  
Don't run it cause if you fucking for young true B  
Sit with it going broke, putting change on next brains behind me

Growing up I was a skinny ass broke nigga  
Now I'm on ma fifth flight out nigga  
Guess ma pockets wouldn't crew with ma appetite  
Touch ma change, I'm a touch yo life  
Birdie niggas fading out like a outro  
An they ain't got no power like some mondo  
Got the Chevy with d niggas who you hitting for  
Trying gamble with a false you will go broke  
Shawty give good pussy wid some good head  
But she be playing with niggas, coed  
Gold Jesus piece like the Pope  
Loafer vinegar on verse selling dope  
I ain't perfect, he working on me  
But lil mama keep tweaking on me  
All dis dream make a nigga feel decided  
I stick with it, there's no treatment
