

The Grey

E-dubblé

Go hard like hammer did (I will?)
I'm with those hammerheads (I am?)
I'm swimming with those sharks (You are?)
And they ain't getting fed (They ain't?)
Shout out to - shout out to -
No one you idiots I did this by my fucking self!
All caps, all caps, no raps, all track
D-I-Y 'till I D-I-E
No bullshit, I boss tracks, I boss tracks, kielbasa
That's that shit I'm on for
I'm all in, feel awesome, so bang bang, we mashed up

[Hook x2:]

I'm a Two Tone Rebel with my hand up to the sky
Got a 40 in my hand I pour some out for those who die
Grey suit pants, never on fire
If I said then I meant it and I might just start a riot

I'm feeling good, I'm feeling I could kill a wolf dead
300 put me in that fucking wolf den
2 minutes come out with that fucking wolf head
And I ain't even tripping you should hear just what that wolf said
Liam Neeson when it comes to getting grey though
Fuck a formula, I signed a fucking [?]
Took a breath and now I'm backing, yeah I stand up
Never fall again, never tripping off a pair
Sick of running on "E", sick of running on empty
I fill my cup, it's never luck when you can put in the work
Bring the preacher to preach, shit I'll listen to stories
I find myself in different words but when I come back to Earth...

[Hook x2]

So come and see me about a beat
I charge by the snare, Air horns come free
Pocket full of dank, fuck saving that Keef
No Sosa, no guns, no murder, just peace

I'm feeling good, I'm feeling I could kill a wolf dead
300 put me in that fucking wolf den
2 minutes come out with that fucking wolf head
And I ain't even tripping you should hear just what that wolf said

[Hook x4]
