Run To You

E.M.D.

In a perfect world
I´m no one's fool
I would known to kept my cool
But that´s not the case
I'm not looking good
I'm not backing down but I know I should

But I'm gonna run to u
I'm gonna try and mend my broken heart
I might have lost my mind but nothing seems too far
Yeah yeah
I'm gonna run to u
I'm gonna find a way to heal my soul
I'm gonna run to u don´t u know
I'm gonna run tu u

So why does it hurt
I'm just a guy
Trying to find my way through life

But i´m gonna run to u
I'm gonna try and mend my broken heart
I might have lost my mind but nothing seems too far
Yeah yeah
I'm gonna run to u
I'm gonna find a way to heal my soul
I'm gonna run to u don´t u know
I'm gonna run to u

Should I save myself from this old hell
By letting go
Will I wake up to find that this loves got me blind
I will never ever know

But I'm gonna run to u
I'm gonna try and mend my broken heart
I might have lost my mind but nothing seems too far
Yeah yeah
I'm gonna run to u
I'm gonna find a way to heal my soul
I'm gonna run to u don´t u know
I´m gonna run to u
