

Baby Please Stop

E-Rotic

Baby please stop
I'm dying
You're turning my sky to fire
So please stop
I'm flying
Cos you take me up so high
Oh baby just stop

Cos I love you so
You can hurt me don't you know
And it's just much too much
Baby when I feel your touch
Cos I just fall for you
And there's nothing I can do
Cos you just lift me up
And you got me right on top

What's wrong with me
Don't you tell me what will be
Cos nothing's strong enough
To keep me away from love
Cos you went far too far
I feel like a falling star
With you you you you you

Baby please stop
I'm dying
You're turning my sky to fire
So please stop
I'm flying
Cos you take me up so high
Oh baby just stop
Denying
Baby please stop
I'm crying

Did you ever try
Did you ever try to fly
Well all I really know
You won't ever let me go
But I can't say good bye
Baby I don't wanna cry
I got to stand the pain
All I do - is all in vain
You're what I need
But I know my heart will bleed
And here it comes again
I keep trying but I can't
Get rid - get rid of you
Baby don't you know I do
Love you you you you you

Baby please stop
Baby please stop

Baby please stop
I'm dying
