

# Crying Like a Child

E-Rotic

Take some littles wishes  
Let them walk with you  
Just take some little kisses  
And all my loving too  
Take some little heartaches  
And make them your own  
He promised he'd be with her  
Left her alone

And then she was crying like a child  
Her dreams were fallin'  
He left her empty as to find  
And no more crawling  
She felt like tears drops in an ocean  
And the darkest of emotions

Take some little daydreams  
Don't let them be in vain  
Just take some little moments  
Keep them from the rain  
Take some little starlights  
And light up my night  
He promised he would love her  
But in the end he lied

And then she was crying like a child  
Her dreams were fallin'  
He left her empty as to find  
And no more crawling  
She felt like tears drops in an ocean  
And the darkest of emotions  
Crying like a child  
Her dreams were fallin'  
He left her empty as to find  
And no more crawling  
She felt like tears drops in an ocean  
And the darkest of emotions

And then she was crying like a child  
Her dreams were fallin'  
He left her empty as to find  
And no more crawling  
She felt like tears drops in an ocean  
And the darkest of emotions  
Crying like a child...  
Empty as to find  
Tears drops in an ocean  
Crying like a child...  
Empty as to find  
Tears drops in an ocean
