

I know you're there, alone in your bed
And I want you to think of me
And I want you to imagine how it would be
Feeling my body
So close, so hot and so tender
And you hear me whispering in your ears
Words you've never heard before
Oh, listen, baby

And when you fall asleep
I want you to dream of me
And I know your dreams will tell you
All that could happen
When you taste my salty skin
So wet, so sweet, so long it
And your body discovers every spots
Spots you've never touched before
Oh, touch me, baby,
Touch me, touch, touch
Touch me baby
Oh, come on, touch me, baby
Oh, I need you, come on
Touch me
Ahhh, ahhh, ahhh, ahhh, ahhh, ohhh
