

I'm Over You

E-Rotic

When i'm at home i'm a lady
And i wouldn't do what them bad girls do
But when i'm with you i'm your baby
So let's do
All we ever knew

Oh baby i'm over you
And then you're over me
Cos we're both over eighteen
And we are free
Baby you're over me
And then i'm over you
I want it i know
That you want it too

When i'm with friends i'm just decent
And i wouldn't say what them bad girls say
But with you my longings are seasoned
It's okay
Take my breath away

Oh baby i'm over you
And then you're over me
Cos we're both over eighteen
And we are free
Baby you're over me
And then i'm over you
I want it i know
That you want it too

I'm over you and you're over me

Oh baby i'm over you
And then you're over me

Oh baby i'm over you
And then you're over me
Cos we're both over eighteen
And we are free
Baby you're over me
And then i'm over you
I want it i know
That you want it too

I'm over you and you're over me
I'm over you and you're over me
I'm over you and you're over me
