

In the Dark of the Night

E-Rotic

You saved my soul in the dark of the night
When I was lonely your body touched mine so gently
Stay in the dark of the night
'Cause your love only can make me feel safe forever

I was walking alone on the desperate sands of twilight island
And my dreams of love seemed to die in the cold of the night
I was in danger of losing my soul but then your hand touched mine

Oh, baby, you found me just in time
When the night's nice for calling
Shadows of fear were on my mind
My heart was crying

You saved my soul in the dark of the night
When I was lonely your body touched mine so gently
Stay in the dark of the night
'Cause your love only can make me feel safe forever

You lit a light in the fog so I could find the way out
And your love sent a guarding angel to help me
You made me feel ashore, then I wasn't alone on the twilight island anymore

Oh, baby, you make my blind eyes see
When I thought I was dying
Gone were the dreams that tortured me
And I stopped crying

You saved my soul in the dark of the night
When I was lonely your body touched mine so gently
Stay in the dark of the night
'Cause your love only can make me feel safe forever

You saved my soul, soul, soul, soul, soul, soul...
Stay, stay, stay, stay, stay, stay, stay...

You saved my soul in the dark of the night
When I was lonely your body touched mine so gently
Stay in the dark of the night
'Cause your love only can make me feel safe forever
