

In the Heat of the Night

E-Rotic

Why did our feelings die in action
When we fought for satisfaction
But our hearts sent S.O.S. save me
Why did our love lose all it's magic
Missing you is kinda tragic
We were heading for the best

In the heat of the night
Much too close to the fire
And the power of our hearts
Make us weak by desire
In the heat of the night

I didn't mean to hurt your feelings
But our heaven had no ceiling
Now it seems we've lost our love, forever
Stay, can't you hear my heart is calling
Only you can stop me falling
Just one kiss would be enough

In the heat of the night
Much too close to the fire
And the power of our hearts
Make us weak by desire
In the heat of the night

In the heat of the night
There is no one to blame
It can heal all the pain
In the heat of the night
