

Queen Of Light

E-Rotic

Aahahaaaahaaaah
Can you see me falling?
Aahahaaaahaaaah
Can you hear me calling you?

Shadows of pale pass by
You've ready to sail and
I will love you, forever
You've tearing me down but why
My daydreams are bound to die?
I'll miss you, forever

Hear me!
Queen of light help me through the night
And deep inside missing links a hurting
Queen of light tell me why away
You hide there behind the curtain

Aahahaaaahaaaah
Can you see me falling?
Aahahaaaahaaaah
Can you hear me calling you?

All that we had were lies
We're ending with sad goodbyes
The story is over
Playing it cool, I'll try
I'm breaking the rules and I cry
I want you, forever

Hear me!
Queen of light help me through the night
And deep inside missing links a hurting
Queen of light tell me why away
You hide there behind the curtain

Aahahaaaahaaaah
Can you see me falling?
Aahahaaaahaaaah
Can you hear me calling you?

Hear me!
Queen of light help me through the night
And deep inside missing links a hurting
Queen of light tell me why away
You hide there behind the curtain

Aahahaaaahaaaah
Can you see me falling?
Aahahaaaahaaaah
Can you hear me calling you?
