

# Save Me

E-Rotic

Sometimes I'm sitting at home  
Feeling sick and alone  
And time just goes by  
Baby don't you see  
Sometimes I sail out at night  
On a ship with no name  
In dangerous tides  
Oh please come close and

Save me  
Oh pirate of mine  
Won't you save me from the dark  
Yes I know you can  
Save me  
I'm losing my mind  
Baby save me with your heart  
Come on closer and save me

Sometimes I'm drifting around  
And my heart's sinking down  
To the waters of night  
When the moon is high  
Sometimes I'm crossing the sea  
Cos I wanna feel free  
To do what I want  
Oh please come close and

Save me  
Oh pirate of mine  
Won't you save me from the dark  
Yes I know you can  
Save me  
I'm losing my mind  
Baby save me with your heart  
Come on closer and save me

Save me  
Save me from falling  
Save me  
Baby I'm calling  
Save me from the fire of my desire  
Can't you hear my S.O.S.

Save me  
Oh pirate of mine  
Won't you save me from the dark  
Yes I know you can  
Save me  
I'm losing my mind  
Baby save me with your heart  
Come on closer and save me

Save me from falling  
Save me
