

## When I Cry for You

E-Rotic

When the time is turning.  
And the sun disappears.  
When I feel that nightmares are around.  
Come close and taste my tears.

That's when I cry for you.  
When my memories strike me down.  
Hold me just when I cry for you  
All my thoughts are now about  
Come close and hold me.  
When the night is blue.  
That's when I cry for you.

When the times are changing  
And the good turns to bad  
When I feel that my heart has lost control  
I need the times we had.

That's when I cry for you.  
When my memories strike me down.  
Hold me just when I cry for you  
All my thoughts are now about  
Come close and hold me.  
When the night is blue.  
That's when I cry for you.

Uuuh

Come close and hold me.  
When the night is blue.  
That's when I cry for you.
