Stay...keeps me on my feet /makes my heart beat.
When you're born w/ pain it always remains. no matter
How your life changes, it never fades. if I could cry until
The world stops turning. to give me some time to think.
My insides are still burning.
What the fuck is wrong with me? I got a ticking time
Bomb in me. block your teardrops. stop...lock your handle.
The world don't stop boy. the world won't stand still.
What the fuck is wrong w/ me? I got a ticking time bomb in
Me. Happiness is gone from me. will I be who I think
I should be? nothing's ever as good as it seems. nothing's
Ever as good as it seems. no.
Tick-tock-tick-tick-tock. tick-ticking-ticking.
What the fuck is wrong w/ me? there's a ticking time bomb
In me. happiness is gone from me. chasing those perfect
Dreams. what the fuck is wrong w/ me? got a ticking time
Bomb in me. nothing's ever as good as it seems. nothing's
Ever as good as it seems.
