

# Keep Your Head Up

Eagles of Death Metal

Honey, sweety won't you give us a play?  
It's enough time that you can blow in our mind  
Come on now girl now won't show me the way  
So what's your secrets,  
Cause you know we're gonna play

Keep your head up  
Oh honey won't you keep your head up

Honey, sweety you gonna give us a play?  
Go on and do it, don't you give me no sass  
Come on now baby won't you shake your behind  
We'll show you secrets we're never gonna play

Keep your head up  
Oh honey won't you keep your head up

Oh you wanna pass?  
Well I know you will try this side of my ass!

Keep your head up  
Oh honey won't you keep your head up

Ronald Reagan!
