

Help Me Through the Night

Eagles

Somewhere along the way I found the meaning
Woke up dreaming, along the way

Never quite seemes the same when you are waiting
And makin up for the time you stopped, a price to pay
And then they take the dream away
And it just ain't fair, mama

So help me through the night mama
Help me to ease the pain
Tell me it's alright
Help me through the night, Once again

And that's the danger in pretending
Tryin to defend yourself from someone else's war
Dont know what they're fighting for
No they just don't care, no

So help me to see the light, mama
Open my eyes again
Tell me its alright
Help me through the night, Once again

Would you help me, (mama)

Would you help me
