

More than feelings get hurt when the shotty goes  
Blow, ears get fucked from my audios  
I get more ass than potty holes  
Had these naughty flows ever since I was a snotty nose  
Youngen, mobbin' with my shirt tucked in  
I'll pop a nigga in his mouth to show him I wasn't bluffin'  
But, things changed like a Barack Campaign ad  
Niggas on the sneak tip I see you clearly through these Ray-  
Bans  
Wait, now my erections go pshh down the necks of hoes  
Who next to go, they flexible bisexual I'm thinkin' so  
What's perplexin' though is that this adolescent flow  
Is hotter than a motherfuckin' summer spent in Mexico  
Cop me a mic, check and go, the pimpin' domination  
I got more flavors than a calm doctor has patients  
Cut to the race, I'll come in first place  
Respect me or catch a Nike SB to the face  
Now, I whooped so many niggas that they callin' me racist  
I annihilate them, my flows amazing as grace is  
Ask them motherfuckers locked up in my basement  
I won't give a shit, fuck, once your face hit's the pavement  
A hater only flatters me, who's that?  
The baddest, we bastards, we savage, handle more balls than Aga  
ssi  
No body passes me, Fantastic 3 plus 1  
Leave catastrophe's wherever we run, umm, hun, pardon the casua  
lties  
Lyrically you can't pass me  
Nigga tryina pass me got slapped like a black chicks ass cheek  
I'm cold make the track sneeze, breakin' niggas like bad knees  
I got sweet steeze, so sweet I attract bees  
With my, brainiac flows, I'd say these hoes know  
I hit niggas playin' me with low blows  
To keep your eyes wide shut like I know those  
I cop dough and stay afloat when I show boat, nigga
