

## If You Fall

Steve Earle

I saw you lookin' at that girl like that  
Yeah, I saw her too, boy, I know right where you're at  
But you better be careful 'cause she ain't the kind  
You're gonna forget, how much you wanna bet?

If you fall in love then nothin's gonna be the same  
You walk around callin' out her name  
You throw your heart down like a glove  
Push comes to shove, you only end up lonely and blue  
Whenever she's away from you, if you fall in love

You gotta hear me talkin' to ya 'cause I'm your best friend  
And I'd hate to see you goin' where I've already been  
'Cause I've been in love before and I won't ever be  
The same again, you better listen to me, Jim

If you fall in love then nothin's gonna be the same  
You walk around callin' out her name  
You throw your heart down like a glove  
Push comes to shove, you only end up lonely and blue  
Whenever she's away from you, if you fall in love

There she is again, she sure looks fine  
And boy, I know you're walkin' on a very thin line  
So I guess it's up to me 'cause your heart's  
Not as strong as mine, well, just this one time

If you fall in love then nothin's gonna be the same  
You walk around callin' out her name  
You throw your heart down like a glove  
Push comes to shove, you only end up lonely and blue  
Whenever she's away from you, if you fall in love

If you fall in love, if you fall in love
