

# The Crush

Steve Earle

The first time I laid eyes on you  
I checked myself right out of this world  
One thing will bring me back from this heart attack  
And that's your sweet lovin', girl

Ooh, your huggin' and kissin'  
Mmm, made my lights come on  
You put the crush on me  
Little girl, can't you see I'm gone

And now I ain't gonna listen to reason  
There's no excuse for the way that I feel  
Before one word was spoke  
I knew it was no joke  
Baby, this love is real

They say you gotta take time to know her  
But I can't wait that long  
You put the crush on me  
Little girl, can't you see I'm gone

You put the crush, crush  
My mouth turns to mush  
I can't begin to speak of all of your charms  
You put the crush, crush  
Ooh, what a rush  
Now, I can't be satisfied until I'm wrapped up in your arms

Ain't that some kind of love, babe  
You know I'm not puttin' you on  
You put the crush on me  
Little girl, can't you see I'm gone

You put the crush, crush  
My mouth turns to mush  
I can't begin to speak of all of your charms  
You put the crush, crush  
Ooh, what a rush  
Now, I can't be satisfied until I'm wrapped up in your arms

Ain't that some kind of love, babe  
You know I'm not puttin' you on  
You put the crush on me  
Little girl, can't you see I'm gone
