

## First Instant Last Report

Earlimart

First instant  
Last report  
You threw that all away  
To think of futures in the same phrase  
We took that away  
Above the floore  
Above the floor  
I've been down before  
To show my face  
Keep my head straight  
I wave my goodbyes  
Cause everyone's got broken promise  
This plan we improvise  
Above the floor  
Above the floor  
I've been down before  
I'm above the floor  
I'm ablove the floor  
I've been down before  
La, la, la, la, la  
First instant  
Last report  
We threw that all away
