

## Someone

Earshot

And if you could make up  
For every single time you lied  
I'd probably whisper this  
Hello, goodbye  
And so it begins again  
Harder each and every time  
I start to reminisce  
I never seem to ever find

Someone I can trust  
Someone I believe  
Someone who will never try  
To bring me to my knees  
Someday I will find again  
Someone just like me  
Someone who will take the time  
In understanding me

And if I could make up  
For every single tear you cried  
I'd probably never miss  
Your hand in mine  
I never could understand  
Mistakes I repeat again  
I've been through this so many times  
I never seem to ever find

And I've stopped searching  
To take my time  
And to really clear my head  
And I believe it was meant to be  
And I feel it's time to go

And if you could make up  
For every single time you lied  
I'd probably whisper this  
I never seem to ever find
