

Time Is on Your Side

Earth, Wind & Fire

Time is on your side
No more need in runnin', yeah
No more need to hide
No more need to cry, yeah

Time is on your side
No more need in runnin'
No more need to hide
No more need to cry

Life is what you find, yeah
Wanderin' in the sky, yeah
No more need to sigh
No more need to lie

Make it what you can
No more need in wastin', yeah
Love's around the bend
No more time to lend, yeah, yeah

Hope the best to be
Just to make you see
Love's around the bend, yeah, yeah
No more time to lend

Now it's up to you, yeah
All up in your head, yeah, yeah, yeah
What you gonna do?
Bring your [Incomprehensible] self true

Life is what you find, well, well
Wanderin' in the sky, yeah
No more need to sigh
No more need to lie, yeah, yeah

Got to make it what you can, yeah, yeah
No more need in wastin', yeah
Love's around the bend
No more time to lend
